Hi Rakesh

Thank you

7<sup>th</sup> is a bank holiday so I don't think you'll get any interviews that day 😊

I can do 3.30pm on 8<sup>th</sup>. Please set up a teams invite.

Many thanks

Therese

**Subject:** Invitation to participate in M.Sc. thesis interview as a subject matter expert

Dear Therese,

Hope you are well.

I am pursuing my masters (M.Sc. – Data Analytics) in CCT College , Dublin. The award is subject to, me completing a thesis work on a topic exploring data analytics.

I have chosen a topic titled *"Predicting the screening colonoscopy numbers across Ireland using machine learning."*

I am very excited about the prospect of interviewing you as a subject matter expert for my chosen topic/its dependencies which is aimed to predict the colonoscopy numbers by applying suitable machine learning algorithms in view of the age range extension.

You are cordially invited to participate in my thesis as a subject matter expert.

The thesis title, objectives, sampling and other information are detailed in the attached information leaflet .The questions that will be used in the interview are also attached.

Please note that the interview is slated to run for approximately 30-40 mins, via the Teams.

Does August 8<sup>th</sup>/9<sup>th</sup> suit you for this interview? If yes, please let me know your availability on these dates.

Also, it is mandatory for me to upload a call recording/ transcribe of this meeting for grading. This will be removed from my repository once the grading is completed and once I get the award.

Request you to please provide your consent for the same.

Looking forward to hearing back from you.

Thanks and Regards,  
Rakesh Kumar Muraleedharan
